My Neighbourhood.

My neighbourhood is a very interesting place. My home is located in apartment building in the city centre near many shops and offices. There is small supermarket across the street where my family likes to go shopping. There is also post office and bank near our home. In our neighbourhood, there is small, green park where my family likes to have picnics on weekends and holidays. There is small pond in the park and there are many ducks in the pond. We like to invite our friends when we go there and we always have great time. In addition, there is primary school close to our home where my little brother is a pupil in third class. There are so many things to see and do in my neighbourhood, and that's why I like it. It's really great place!
